Picture

Double window, two-tuner PIP

Watch two shows, side by side, without a VCR! Two separate tuners let you select two shows and display both in windows of equal proportion. Or you can watch one show in one window, while scanning channels in the other window. Surf during the commercials without missing anything on your selected program!

Incredible Picture™

Creates a remarkable increase in clarity and sharpness at the point of transition from dark to light areas of the video image for a picture so sharp and well defined that you'll never want to go to the movies again.

3-Line Comb Filter

CCD technology with a digital time constant provides razor-sharp picture performance and breathtaking clarity.

Improved Image Definition (IID™)

Enjoy greater picture resolution with up to 800 lines of horizontal resolution.* This set easily supports the demands of DVD Video, Web browsers, and other advanced high-resolution video media (through the S-Video inputs).

Video DNR (Dynamic Noise Reduction)

Break the "grainy" picture syndrome with Video DNR. Enjoy much smoother picture texture, especially in weak signal areas.

Component Video Input

Supports advanced video input (such as DVD) for superb color purity, crisp color detail, and reduced color noise–surpassing even that of S-Video!

AutoPicture™

Instantly optimize brightness, contrast, color, tint, and sharpness settings enhancing enjoyment of video games, sports, movies, or weak signals.
